To the residents of Dethick, Lea and Holloway

Sunday 8th October 2017

To you all

It is entirely right and proper that the Dethick, Lea and Holloway Parish Council on behalf of the residents of the parish have refurbished this First World War Memorial and I greatly regret being unable to be here today to help celebrate your marvellous achievement.

I am full of admiration for the magnificent work that has been done here: it is entirely appropriate for such a beautiful site and to commemorate awe inspiring courage and service.

I would like to congratulate Councillor Joan Ward in particular, for leading the HLF project to restore the memorial grounds and then the organising of the rededication event. My great grandfather would be delighted and very proud to see this memorial so well restored and so well supported by the local community.

Sincerely
Stoker Devonshire

The Duke of Devonshire KCVO, CBE, DL
