

DLH Climate Action Working Group The Questionnaire

Please complete and return the questionnaire inserted into this edition of the Magazine to the Mayfield Stores or to Holloway Village Butchers **before the end of March**. The responses will help our newly formed Climate Action Group to understand the climate related issues of concern to you, so that we can develop appropriate action plans for our villages.

Please respond on behalf of your household. If you would like to respond individually, there are spare copies of the questionnaire in both stores and there is an **electronic version** of the questionnaire to download from the Parish Council website <https://dethickleaandholloway.org.uk/> or from the Climate Change tab of the dlhgardening.com website.

We will publish results of the analysis of your returns in the May Parish Magazine. For more information and to join our group, please contact **Sarah Crossley Tel: 01629 534397 or email: sarahblfm@btinternet.com**
THANK YOU
